Asklepieion**

The
University
of
Tennessee
Memphis

Asklepieion: a word derived from the name of Aesculapius, the Greek god of medicine and healing. Aesculapius was honored and worshipped throughout the Greek world by persons seeking the healing powers of the physician. Temples were erected in honor of Aesculapius near healing springs or high mountains. Those who worshipped him were known as Aesculapiae, therefore, the temples in his honor were known as the Aesculapions (Asklepieions). In the ancient city of Memphis, on the Nile River, there was a temple where persons went for worship and for care. In our own city of Memphis, on the Mississippi River, people come to our Asklepieion for healing and care. — Bill Robinson, Associate Vice Chancellor, Student Affairs. Pictured above is the Sanctuary of Asklepius in Epidavros, Greece. The photo was taken by Charlotte Boney, Medical Class of '88. The photo was taken in May, 1988, and the buildings are believed to have been built in 4 B.C.

SGAEC

The Student Government Association Executive Council is composed of the presidents of each of the colleges and the College of Social Work and one person who serves as the president of the Council. The 1988-89 SGAEC has been active in bringing about many positive changes which have enhanced the quality of life for UT Memphis students. The SGAEC worked to have a new card reader installed at the east entrance of the GEB, helped to get a microwave oven installed in the GEB vending area, requested and obtained extended hours in University Health Services and the Library, sponsored an alcohol and substance abuse awareness series, financial planning workshop for seniors, and participated in fund-raising for Tony Ficalora. One of the most significant accomplishments of the Council was to work with Chancellor Hunt in establishing an interest-free loan fund which enabled students to purchase personal computers.

ALUMNI WEEKEND 1989

The Alumni Weekend celebration began with the Table Clinic Competition on February 24, followed by a dance at the Peabody Skyway. The overall grand prize winner, Kevin Utley and E. F. Harris, received a *Dentsply* all expense paid trip to Honolulu, to represent UT at the ADA's annual session in November. Other winners included: first clinical — Carol Shipley, second clinical — Leland Chrisman and friends; first research — Frank Roberts, second research — Scott Werner. Class Winners included: Hank Mckay D-3 and Will Baker D-4.

JUNIOR DENTAL AUXILIARY

The Junior Dental Auxiliary is an organization for spouses of dental students. Monthly meetings consist of style shows, tours, craft demonstrations and speakers along with a short business meeting. Each year JDA sponsors four charity projects and several social events for members, spouses, and faculty.

First Row, L to R: Kim North (First Vice Pres.), Teri Standford (Financial Chairman), Toni Lott (Social Chairman), Caroline Scruggs (Second Vice Pres.), Jane Newman (Pres.), Denise Larson (Treas.), Paula Fusilier (Sec.). **Second Row:** Stephanie West, Andrea Slaughter, Karen Bowdle, Joni Collins, Angie Adkins, Sherry Deaton, Mary Ann McCann.

AMERICAN ASSOCIATION OF WOMEN DENTISTS

The American Association of Women Dentists, founded in 1921, is a national organization geared toward the enrichment of women in dentistry. Our local chapter, established in 1985, is dedicated to serving Memphis, the community and UT Dental School. UT was proud of Elizabeth Bordwell, who was selected as one of ten women dental students from across the United States to receive an AAWD scholarship!

First Row, L to R: Debbie Faires, Stephanie Hirsh, Treasurer; Elizabeth Bordwell, Vice President; Terri Artz, President; and Shannon Maddox. **Second Row:** Kim Holt, Marie Farrar, Leah Patrick, Joy Huggins, Angie Walker, Fran Shelton, Tina Dutt, Jane Ann Blankenship, and Angel Mullins. **Third Row:** Lisa McGraw, Valencia May, Diane Watson, Jeannie Beauchamp, Susan Young, Missy Draughon, Caroline Roth-Churchwell, Carol McDaniel, and Lynda Moore.

The dental students, faculty, and staff supported a benefit spaghetti luncheon December 1, 1988. The proceeds were donated to a UT dental assistant, Sherry Toarmina for her 4 year old daughter, Emily's open heart surgery. Emily recuperated from surgery, and is continuing to improve. Sherry and Emily wish to thank all of you for your support and prayers.

HONORARY ODONTOLOGICAL SOCIETY

The Richard Doggett Dean and Marguerite Taylor Dean Honorary Odontological Society was formed in December of 1948. The purpose of this society is "To propagate and perpetuate professional ideals, ethics and techniques in the field of dentistry."

Active members consist of University of Tennessee dental students who have met the high qualifications of this society. They must be in the upper one-half of their class scholastically, have a deep interest in the dental profession, have gentlemanly conduct and character above reproach. They must also show promise of making important contributions to the profession of dentistry.

First Row, L to R: Kevin Utley, Jacqueline Ficalora, Vickie Guffey, Elizabeth Bordwell, Marie Farrar and Marion Johnston. **Second Row:** Keven Bowdle, Scott Allen, Mitch Rollins, Susan Wamble, Dr. Simpson Evans, Advisor.

HONOR COUNCIL

First Row, L to R: Fred Shaw, Frank Roberts, Secretary; George Gibson, President; Ruth Ellis, Vice President, Keven Bowdle. **Second Row:** Celita Simmons, Debbie Faires, Susan Wamble, Bradley Slaughter, William Pettigrew, Michael Wharton-Palmer, Linda Moore, Dr. James Albright, Dr. James Turner, Angela Walker, Shannon Maddox, Wes McCann, David Carlton.

Since September of 1984, the Honor Council in the College of Dentistry has been composed of four students from each class, elected in the spring of their first year of dental school. Prior to this time, six students were elected. It is the collective responsibility of the members of the Honor Council to protect the educational process by addressing possible violations of the Honor Code.

The ASDA at the University of Tennessee, Memphis, serves as the student governing body of the College of Dentistry. Membership is optional for all students; however, ninety-five percent of the student body became members. The Executive Council consists of elected representatives of dental fraternities and the Honor Council. The Executive Council also consists of five positions which are filled by election, by the entire student body: President, President-Elect, Treasurer, Secretary, and Editor. Every Thursday, the Council meets over lunch to discuss matters which need to be "ironed out" in the dental school, whether it is in relation to the administration, faculty, parking services or even student life. The Chapter was especially proud of its five nationally recognized leaders — the most of any school in the nation!

Psi Omega was founded in Georgia in 1842 by William Hamilton and one of his colleagues. Since then, this two-member fraternity has grown to cover the nation and to join thousands of dental students and alumni as brothers.

Psi Omega at the University of Tennessee has been an important part of campus life for decades. The Psi-O house, which is located near Overton Park, provides the perfect location for students to spend their free time. It is the site of numerous campus gatherings and offers Psi-Os an outdoor pool to relax by.

Psi-O was founded to establish a means for students to get to know one another, to form friendships and to help each other. The basis of Psi-O is that there are other outlets besides academics that are important in obtaining a well-rounded education. Psi-O is therefore an active participant in intramural sports, charity fundraisers, and campus parties. Psi Gamma Chapter here at UT is proud of their 130 members, and we are especially excited to have become the largest Psi-O Chapter in the nation.

DELTA SIGMA DELTA

First Row, L to R: Matt Snyder (Senior Page), Greg Miller (Scribe), Valencia May (VP), Bobby Russell, (Pres.), Larry Browning, David Meyers. Second Row: Bill Smith, Dianne Watson, Terry Artz, Deidre Kreckler, Scott Hollis. Third Row: Scott Neal, Mike Mysinger, Ron Owen, Vicki Guffey, Tim Chase, Allison Horne.

Delta Sigma Delta was established by far-sighted professionals — men with vision — who possessed the desire to render the best dental services in the highest professional manner. On November 15, 1882, seven dental students met at Mrs. Slattery's boarding house in Ann Arbor and founded the first dental fraternity in the world. It was intended to bring together not only the most talented students of dentistry while in school, but by the establishment of the Supreme Chapter, it brought in the outstanding teachers and practitioners. Professional fraternities have strong faculty support because of the high standards required for the establishment of a chapter on a campus. A good scholastic average is an important criterion for membership. These fraternities feature active alumni associations. Nowhere in the history of Delta Sigma Delta has it been written that we must initiate the largest number of candidates. On the contrary, the literature is replete with the philosophy of selectivity. However, Delta Sigma Delta is the fastest growing chapter in the country.

XI PSI PHI

First Row, L to R: Heidi Bunch (Pres.), Richard Medina, David Zarlingo (Treas.), Bruce Gaston (VP), Jeannie Beachamp (Sec.). Second Row: James Hill, Shannon Maddow, Larry Farris, Eddie Brown, Angie Hamblen, Susan Dunn, Steve Curet. Third Row: David Jones, George Rogers, Jim Penny, Lane Smith, Ricky Cornish, Rusty Boyter. Fourth Row: Edward Knight, Lynda Moore, Sheryl Kane, Mike Miller, Mark Johnson, Brit Bowers.

The Xi Psi Phi Dental Fraternity is cordially known as ZIPS. Several members reside in the fraternity house located at 249 Garland Street. There is a fully-equipped laboratory which is always available for use. Intramural sports, Friday Happy Hours, and monthly theme parties are some of the social activities ZIPS are involved in. The ZIPS are also involved with community service projects such as a trip to the Memphis Zoo with children from the local Muscular Dystrophy Foundation. Professionalism and academic progress are important in Xi Psi Phi fraternity and are exemplified by this year's Third Annual Alumni Weekend.

Class of 1989

Looking back, the time has gone quickly. Seemingly, only yesterday we were cramming "useless" basic science facts into our brains, wondering if we would make it through. Only yesterday, as scut puppies, we delivered babies and drew cultures throughout the night. Now we breath a little and contemplate our future.

The odyssey of medical school is ending. As we pass through new stages in our lives, we will remember the people, our classmates and close friends, who made the journey worthwhile.

Officers of the Class of 1989 include: **Seated, L to R:** Greg Thompson, Vice President Academic Affairs; Al Rogers, MSEC Representative. **Standing:** Russ Bailey, President; Jeff Tharp, Vice President for Student Affairs; Andrew Wright, Intramurals; Mike Ziegler, MSEC Representative. **Not Pictured:** Cynthia Rankins, MSEC Representative; James Buck, Career Planning; Drew Murphy, Treasurer; Jim Griffin, Social Chairman.

Without a doubt, we have crested the hill. Our path is downhill from here. Psych, Peds, OB-GYN, Surgery, Medicine, and all that basic science stuff are behind us. Endless call nights, blood cultures times three at 2 a.m., and being the absolute bottom of the totem pole are done. Our dues are paid. We will take a deep breath and enjoy our respite. Soon, much too soon, we will be scattered across the nation. But for now we can savor our successes, plan our futures, and enjoy our families and friends.

Finally, the land of endless lectures and insane multiple choice exams is behind us. No longer can we be made to sit through two hundred thousand slides in a one-hour lecture. But the pain was not without reward. From now on it's real medicine. We have mastered the fundamentals and are now ready to see living, breathing patients.

But with our anticipation comes regret. We can no longer be true students able to come and go as we please. And no longer will we be able to all be together as a single, cohesive group. Nevertheless, the friends and the memories we have formed during the past two years will last throughout our lives.

Class of 1992

Could you explain proximal and distal again?

During our first year, we have learned so much that we easily forget how little we knew at first. Now, after tons of notes, gallons of coffee, and much too little sleep, we have done it. The first year is over. The first step has been taken. Only three remain.

The M-1 Class Officers include: **First Row, L to R:** Lem Gorden, Treasurer; Tina James, Vice President Printing; Allen Blackwood, Vice President Student Affairs; Nic Joseph, Vice President Quality Control; Omar Hamada, President; Chris Giampapa, Vice President Academic Affairs; Scott Kloeck, Vice President Scheduling; Abby Eblen, MSEC Representative; and Susan Boone, Secretary/Social Chairperson. **Second Row:** Lee Hunter, Social Chairman; Trevis Ragin, Quality Control Board; Bennet Bicknell, Vice President Printing; Gene Crafton, Quality Control Board; Jay Duggins, Vice President Printing; Kerry Park, Social Chairman; John Little, MSEC Representative; Brad Adkins, Athletic Chairman; and R. Phi Chi

Members of the Phi Chi Fraternity include from L to R: **First Row:** Abby Eblen, Carla Braxton, Tricia Decker, Tina Monique James, and Susan Boone. **Second Row:** Gene Crafton, Randy Copeland, John Pope, Allen Blackwood, Chris Frazier, Lem Gorden, Deaver Shattuck, Bill Lamb and James McGlowan. **Third Row:** Omar Hamada, Todd Stiles, James Ho, Chuck Ryan, Jerry Yancey, Bennett Bicknell, and John Bush. **Fourth Row:** Godwin Maduka, David Graham, Dr. Clarence Watridge, Rick Fleming, Scott Pearson, John Woods, Barry Callahan, Joe Chen, and Keith Sanford. **Not Pictured:** Joel Williams, Jay Benson, Donna Donati, Gina Ayerdis, Chris Mathis, Paul Bachard, Keith Van de Castle, Ray Walker, and Vish Satyanarayan.

The Alpha Beta Chapter of Phi Chi Medical Fraternity has had a most successful year. We are proud to celebrate the 75th anniversary of our Chapter as well as the centennial anniversary of the Grand Chapter of Phi Chi. As in the past, our house, Baldaur II, at 687 Jefferson Ave. is our Chapter's strongest point. Built in 1970, our house has 28 occupied private rooms, a kitchen, a dining room, a living room, a library, a large party room, and a private parking lot. This year we have remodeled our office and established a recreation room including a pool table, ping pong table, dart board, and lounge area. The house exterior has been painted, the patio has been landscaped, composites have been repaired and rehung, and some house plants have been added to increase our collection to twenty.

This year we revitalized our relationship with the Grand Chapter of Phi Chi, reinstated our monthly chapter meetings, reorganized our leadership structure, and adopted a new set of by-laws. The presence of our alumni advisor also was a welcomed new addition to our Chapter. Our officers for this school year were: Jerry Yancey, President; Todd Stiles, Vice-President; Scott Pearson, Secretary; Jay Benson, Treasurer and delegate to the Grand Chapter Meeting; Jim Martin, Tony Zimmerman, and Laura Gunn, Social Committee; Keith Sanford and Carla Braxton, Alumni Liaison; Keith Sanford and Joel Williams, House Managers; and Brent Campbell, Athletic director.

Socially we were busy planning chapter dinners, rush functions, and numerous theme parties. We initiated twelve new members from the class of 1992. We continued the tradition of the Fall Freeze party as well as hosted the Bone Marrow Bash Party that was organized and supported by many organizations on campus to raise money to help one of our members, Tony Ficalora, defray his medical expenses for a bone marrow transplant as he battled acute lymphoblastic leukemia. Tony later lost his battle and it is to his memory that we wish to dedicate these two pages.

AKK

AKK members include: **Kneeling, L to R:** Frank Kimsey, Bill Davidson, Alex Johnson, Randall Barker, Scott Summers, House Manager; Chuck Bramlett, Jason Fleming, and Brannon Thomas, MSEC Representative. **Second Row:** Tim Goodwin, Mark Simcox, Pat Healy, Alan Tanenbaun, Jim Littlejohn, Kevin Stroup, Treasurer, Jason Spiers, Vice President; Russ Deldiker, Reggie Lyell, Dr. Hershel Wall, Advisor, Mike Smith, Secretary, Scott Hambleton. **Third Row:** James Griffin, Brad Hoover, Rob Pomphrey, David Todd.

IN MEMORIAM Clyde M.D., MIA

Not the least memorable (or notorious) member of AKK, the original party beagle's humble origin was a small farm in Olive Branch, MS. Well known to members for his repertoire of tricks (including, an uncanny ability to get out of the house) he was loved by all . . . most of the time. One sunny September Sunday, having made his escape, he was abducted during his customary weekend jaunt. All attempts to secure his return, including discussion of his ransom with his captors were to no avail. His ringing voice may never again resound in the hallowed halls of AKK — but maybe, just maybe, there's a loud, bright-eyed little dog out there somewhere that will do anything for an egg yolk and a drink of beer out of your cup.

UT MED 1988-1989

Good times to remember
People we will never forget

With fond memories of Tony

ON THE OTHER SIDE OF THE BEDRAIL by Tony Ficalora, '88

I was recently approached to write an article about my thoughts and feelings about my "recent bout with leukemia." At first I rejected it soundly — I figured an article and a few well-placed tears and I was a shoo-in for martyr of the year. I'm also not one for baring my soul — I rarely open up — so why should I let it all out for everyone at UT. Well, I said no, and then was asked to think about it more because it really would help people out "We're not trained to be compassionate in med school or our residencies." Which is true, I guess — I mean there is no human compassion and feelings of course. There's also no "How to Appreciate Your Life" class offered either.

O.K., just a little stick. How many times have you said that? It's practically reflex, you say it almost unconsciously. Well, I've got news, folks — it's not just a little stick. It hurts. It really does. It hurts when you get one every day or several at once. So should we stop ordering blood cultures and lab work? No, but maybe we can stop and think about what our patients are going through. And how we can show them a more caring attitude.

O.K. class, today we learn about life. Do you appreciate it? Do you really? Have you thought about dying? Poof — you are dead — you are gone. You can't talk to anyone anymore. You are gone, they will go on living their lives — they'll be sad for a while but then their old routines will kick back in and they'll live out the rest of their lives, without you. You're dead. You can't smell pizza or your cologne or cinnamon or anything. You can't enjoy that weather anymore. Not just the warm sunshine and blue skies but the rain and the lightning and the humidity and the crappy weather and everything. Man — it's all gone. No more ice cream. You'll never have kids. You'll never get married. You'll never have grandchildren. How much have you thought about taking your grandchildren fishing? Or buying them a kite or just visiting them?

All your friends and family — are you happy with the way you left them? You're gone — everything is unchangeable now. Can you honestly say that if you died at this instance you'd be happy with the way they think of you? Of all the things that were unsettled and unsaid? All that petty trash that we love to thrive on.

O.K., so what's my point? All I'm saying is the old cliché "Live each day like it's your last." I know it sounds like it's off of a cutesy poster with fuzzy kittens and Smurfs, but it's actually a wise statement. It took a catastrophe to make me realize how serious the whole deal is. So now I look at the colors, and I notice the smells. I'm thankful that I can walk, and I'm thankful I can taste chocolate, and I'm thankful for my family and my friends. I really hope the same goes for you.

Anthony S. Ficalora, known by most as simply "Tony," was an extraordinary young man of courage and generosity. He shared of his very self with us as he struggled with cancer (Acute Lymphocytic Leukemia), and taught us much in the process. To start with, he wrote "On the Other Side of the Bedrail" for UT's medical student newspaper, *The Auricle*, in spite of his initial misgivings. He was afraid at first that if he wrote the article concerning his feelings as he dealt with his disease, as his friend Edd Thomas (the then-editor) had requested, that people would pity him. This fear is human nature — I suppose most of us would have felt the same way. But Tony transcended his feeling and *did* write the article, allowing his fellow physicians-in-training to learn, through his eyes, about what it's like to have a terminal illness, about compassion, and about appreciating life.

Tony also gave by allowing us to give. The old saying that "It is in giving that we receive" really is true. By his accepting our concern for him so gracefully and not withdrawing, we were encouraged to do more. The UT community worked together in fund-raising for the bone marrow transplant, and the greeting-card type video for him, and shared a common concern as we rallied around Tony, which elevated us above the common, sometimes self-centered, everyday grind.

Not only by the words he wrote, but by his actions as well, did Tony teach us. He showed courage and determination in his fight for life, grace and dignity when it was clearly time to accept the inevitable. Stricken with leukemia in his M-3 year, he decided not to stop his studies. He continued his coursework while undergoing treatment, and remarkably, kept up with his class. Then in May, 1988, a relapse (not the first) caused him to fall behind 16 credit hours. However, he was allowed to graduate with his class (in absentia), and was voted by his fellow students in the class of '88 as the recipient of the Charles Verstandig award, which goes to the student who overcomes the most obstacles to obtaining his medical career. After his September bone marrow transplant, Tony relapsed again in early January 1989. Advised by his doctors that further chemotherapy would be fruitless, he opted to remain at home with loved ones. He died peacefully the evening of February the 18th, in his own room, with his parents and two of his four brothers and sisters present. Two days before he died, he learned that the 16 credit hours he needed had been waived, as officials of the school felt that his almost two year experience with his disease compensated for these hours both educationally and professionally, and the awarding of his M.D. was official as of December 9, 1988.

Although Anthony Ficalora never got to go out and practice medicine with the M.D. he worked so hard to obtain, his life was not in vain. He left a legacy — not only the students of the five classes who experienced his tragedy with him, but also the generations of medical students who will be influenced by the award and scholarship established in his name. His lessons of compassion and appreciating life will live on in us as we scatter after our own graduations to take care of patients and help their families. Tony will be missed, but not forgotten.

Carrie Dowling, Class of '1989

The time has come for me to say good-bye. Thanks to everyone in the Student Life Office for your hard work and unwavering support. And thanks to everyone who contributed photography, especially Margo White, Keith Van De Castle, and Frank Pierce. But most of all I want to thank my fellow medical students for putting up with me and my camera and that obnoxious flash for the past year.

My four years at UT Memphis have been fantastic. I am proud to have been part of this great institution. My hope is that in the years to come, these pages will bring back fond memories of the personalities and emotions we experienced during our time here.

SENIOR TRIP: Class of 1990

Burroughs-Wellcome welcomed (is that redundant?) us with open arms as we spent two fun-filled days touring both of their plants. Some of us lucky ones even got to meet the Nobel Prize recipient in medicine, an employee of B-W. Ah, but from there it was on to Washington, D.C. for a 3-night, 4-day stay in lovely downtown Chinatown (thanks, Hans). A watery mist fills one's eyes when we remember: Halc-Dion, Tonita and her diamond, Dr. Eoff and his impersonations (we have pictures), Elvis' luggage, Domino's pizza man getting his bike stolen during a delivery to our hotel (unheard of in Chinatown), Ron Joe — thanks for making us feel safe! Bain's room getting broken into (in Chinatown?), the late-night memorial visits, Cristi Johnson and the noxious stimuli, Deryl Stewart: Class Photographer, Wendy and her attack of the Capitol, the charging squirrel, Casey Kasem and the homeless demonstration, and the talking body parts! The hilarity at Georgetown and the humbleness at the Vietnam Memorial. Though some were missed, the Class of 1990 was well represented in Washington, as will continue to be in our professional lives. What a short week, what a short four years — thank God for memories!

ASP or the Association of Student Pharmacists is really leaving its mark on UT Memphis. ASP is an organization that almost every pharmacy student is a member of and so affords great opportunities to every student. This year the ASP regional convention in South Carolina, Tripartite in Nashville, and the national convention in Anaheim, California offered students a chance to meet pharmacists and pharmacy students in all fields of study and from all parts of the country. ASP also provides many activities here at UT Memphis including the Drug Fair which allows representatives from many drug companies to exhibit their products. ASP also sponsors the Patient Counseling Competition for pharmacy students. Additionally, ASP sponsors an annual golf tournament which is always a lot of fun (and a fund-raiser too). ASP also brings speakers to campus to update students on many new and controversial health care topics.

HONOR COUNCIL

The Pharmacy Honor Council is leaving its mark on UT Memphis by trying to uphold the policies of the University Honor Code. The members are not "policemen" but merely try to make students aware of the policies of the honor code and serve as representatives of their respective classes should the honor code be challenged. It is a great honor to be elected by your classmates to the council because to be elected you must be respected by your classmates and very trustworthy.

PHI LAMBDA SIGMA

Phi Lambda Sigma is making its mark on UT Memphis by recognizing those students who show outstanding leadership qualities in the field of pharmacy. Phi Lambda Sigma is the Pharmacy Leadership Society and it is a great honor to be chosen to be among its members. These members are not only leaders now, but will almost certainly go on to be leaders after graduation and be of great service to the profession of pharmacy.

SGA

The Student Government Association is making its mark on UT Memphis by representing the student's views to the administration and trying to make life on campus the best it can be. The SGA has tried to implement a Drug and Alcohol Policy for the College of Pharmacy and has tried to work with the administration on improving the parking situation and the curriculum. The SGA strives to represent all students in the College of Pharmacy and to make life a little better for everyone.

RHO CHI

Rho Chi is leaving its mark on UT Memphis by recognizing those students who excel academically. Rho Chi is composed of only those students in the top twenty percent of their class. It is certainly an honor to be a part of this prestigious group. The members do several things to serve the College of Pharmacy including holding an annual used book sale for incoming students and offering many new textbooks to students at a reduced price including the infamous Remington.

Kappa Psi, a professional pharmacy fraternity, has really left its mark this year at UT Memphis by being both of service to the community and to the school. A few of their service activities included hosting a Thanksgiving food drive and clothing drive for the needy. They also took a visit to the Porter Leath Children's Home to spread some holiday cheer. In addition to serving others, they also like to have fun. Each year they hold several campus wide parties at their house and always host the annual Pharmacy Weekend Pig Roast for the incoming students in the spring. They also host the annual United Way Party with Phi Delta Chi, Lambda Kappa Sigma, and ASP. Another Tradition is their annual riverboat party with Psi Omega.

PHI DELTA CHI

Phi Delta Chi has really left its mark on UT Memphis this year. With thirty-five new pledges in September, Phi Delta Chi started the '88-'89 school year off with a bang. The pledges raised over two hundred dollars for the Tony Ficalora Bone Marrow Transplant Fund. Also, everyone went to a nursing home for Christmas and took gifts and caroled to the residents. In addition to making its mark in service, they have made their mark in fun by hosting the annual Jungle Party which was a big success. They have also made their mark in sports by placing second in the Interfraternity Volleyball Tournament.

LAMBDA KAPPA SIGMA

SNPhA

The Student National Pharmaceutical Association is really leaving its mark on UT Memphis by being its newest organization. The chapter was founded on January 9, 1989 by nine students in the College of Pharmacy. The mission of SNPhA is to meet the challenges of the continuously expanding role of the pharmacist and to direct health care expertise to improving minority communities. SNPhA further pledges to work with other organizations in the pursuit of charitable and educational objectives. The founding members attended the national convention in Washington, D.C. and the next national convention will be hosted by this young chapter. The members also hope to expand their membership in the coming years so that they might be of greater service to the community and to the field of Pharmacy.

Lambda Kappa Sigma, a professional pharmacy fraternity dedicated to the advancement of women in pharmacy, has definitely left its mark on UT Memphis. They held several parties to welcome the incoming students to campus including a Generic Party, a freezer pop party in the park, and even class breaks for the first year students. During the Christmas season they each had "secret sisters" to both give and receive from. The chapter also sent their president, Lisa McHenry, to Boston to represent them at the 75th Anniversary Convention. Lisa represented the entire southeastern region. Their national philanthropy for the 1988-90 biennium will be Project Hope.

WE SAY GOODBYE TO THOSE WHO LEFT THEIR MARK ON US

Dr. Kenneth E. Avis and Dr. Martin E. Hamner

This year has seen the departure of three familiar faces in the College of Pharmacy, following their retirement from full-time service.

Kenneth E. Avis, D.Sc., has served the College of Pharmacy for 27 years. Not only was Dr. Avis the chairman of the Department of Pharmaceutics, but he also taught many pharmacy students over the years in Pharmaceutical Technology, and Parenterals. A full professor, his knowledge and skill helped to better prepare a generation of pharmacists.

Martin E. Hamner, Ph.D., is a favorite of many pharmacy alumni. He served as professor and, formerly, associate dean of the college. In his 29 years here, he will be remembered for his teaching Pharmaceutical Technology lab, Dispensing lab, and Pharmacy Math. His never-ending smile and friendly personality have provided a positive spirit of pharmacy for all around him.

Mr. Hugo Moss, better known as "Dusty", retired in December after 25 years as materials control supervisor in the Department of Education. Dusty managed the pharmacy teaching labs, providing assistance to instructors and students alike. He was chosen Employee of the Month for UT Memphis for the month of September, 1988.

We say goodbye and good luck to these special gentlemen who have left their mark on us.

Mr. Hugo "Dusty" Moss

CLASS OF 1989

We the class of 1989 will now make our way down the aisle to accept our degrees, the keys to a more specialized profession.

During the past two or three years, we have learned both from the classroom and the field. It has been through these past years that we have developed our skills as professionals. However, we know our learning does not stop at graduation. We will continue to be adult learners as we enter the board rooms, council rooms, and offices. However, let us not forget the ideals and ethics set forth for us in UT College of Social Work.

Despite our getting a late start this year, the 1989 Asklepieion Staff was able to successfully meet tough deadlines and create for you a lasting record of a memorable year at UT Memphis. You will find as the years go by that you will come to treasure this book and the memories that it represents. You will also come to realize that this year was one of the most important years of your life. You have come closer to becoming a compassionate and committed health care professional and you have made the kind of friends that you will keep forever. This book will be a constant reminder of both the good times and the hard times. Hopefully you will always be able to say, "it was worth it," and look beyond the difficult experiences and remember them as challenges you mastered.

One of the most wonderful benefits of working with the yearbook staff is getting to know the student staff members very well. Their individual tastes and personalities are reflected on every page of the book, yet in the end, it all comes together to create a quality collection of ideas, thoughts, artistic flair, photography talents and style. More meaningful is the friendships that come from working with the staff. You can really get to know someone very well when you work together night and day. I am very grateful for the friendships I have gained from this year's staff. Randy Richards, Medicine editor, really went far above the call of duty because he not only designed each page with thoughtfulness and care, he also made sure that every photograph was of top quality, most of which he shot himself. He even spent countless hours developing and printing in the darkroom. His dedication and talent will be long remembered. Kenton Johnson, Steve Keesee, Kelly Duck, Julie Adkins, and Mary Elizabeth Jones also contributed greatly by shooting many of their own photos. The winning team of Joni Baker-Barnett, Cindy Taliaferro and Dawn Wilson helped make the pharmacy section superb. Suzie Hunt contributed once again this year, her fourth, by serving as editor of the Graduate Health Sciences section. A dedicated graduate student wife, a new mother and a full-time professional herself, Suzie still found time to give to the yearbook staff. Janet Dillard works year round to collect the many intramural sports team pictures and her commitment to the book is greatly appreciated. Thanks to all of you for a job well done!

Without the dedication and help of Karen Williams, I doubt we would be able to produce the yearbook each year. Karen's unbelievable efficiency and effervescent personality keep us all on track and thinking positively. Thanks Karen for all that organization!

Jan Dugan was able to provide leadership, artistic insight, organization and optimism. I am extremely grateful to Jan for making sure that the photographs were taken, developed and printed on time, and for designing the cover, division pages and opening section. Thanks, Jan, for those long hours and the expertise you shared with all of us.

Thanks also to Liz Roemer for getting all the seniors in for portraits, and to my boss, Bill Robinson, for believing in the value of a yearbook and allowing me to spend these precious hours working with a group of truly outstanding students and staff members.

The entire Asklepieion staff is proud to announce that this book has been selected to be a sales sample for the Taylor Publishing Company. Taylor publishes approximately 9,000 books annually and selects 100 to be samples. Hats off to the staff for doing an extremely nice job this year.

We really hope you enjoy the book. We enjoyed creating it for you!
