ASKLEPIEION

(ə-'sklē-pē-on)

Asklepieion is a word derived from the name of Aesculapius, the Greek god of medicine and healing. Aesculapius was honored and worshipped throughout the Greek world by persons seeking the healing powers of the physician. Temples were erected in honor Aesculapius near healing springs or high mountains. Those who worshipped him were known as Aesculapae. Therefore, the temples in his honor were known as Aesculapions (Asklepieions). In the ancient city of Memphis, on the Nile River, there was a temple where people went for worship and for care. In our own city of Memphis, on the Mississippi River, people come to our Asklepieion for healing and care.

passages

The world of war hovered above the 2002-2003 academic year. America's war on terrorism in Afghanistan was mostly quiet but with periodic outbursts. Terrorist activities continued, however, including a suicide bombing in Bali that targeted American and Australian tourists. Tensions on the Korean peninsula increased as North Korea withdrew from international nuclear regulatory bodies. U.N. inspectors returned to Iraq but a major war seemed in the offing.

On February 1, 2003, the space shuttle Columbia exploded on re-entry killing all seven crew members. Among the astronauts were the first Israeli citizen and the first American of Indian descent.

Nothing so dramatic occurred on the campus of the University of Tennessee Health Science Center. Students continued classes, and to test and progress toward graduation. But there were changes afoot on the campus. The UT Cancer Center broke ground across Manassas from the campus. Baptist Hospital's gift of the Plaza Medical Buildings began to be utilized. Among the departments moving into the 910 Building were Student Affairs and Student Life in which the SGAEC office is located. The Student Alumni Center which housed so many activities was virtually closed and is undergoing a major renovation. Meanwhile, construction on the Trolley extension from downtown continued, causing something of a mess for students crossing Madison Avenue. The construction barrels gave a new meaning to the term UT Orange.

The University of Tennessee named John W. Shumaker as its new president. On the Memphis campus, Chancellor Bill Rice stepped down in Oct. 2002. Dr. Jim Gibb Johnson, longtime fixture around the Health Science Center and most recently Associate Vice President for Health Affairs, was named Interim Chancellor. SGAEC President, Andy Baber, was on the search committee for the next Chancellor.

The campus was saddened by the untimely death of third-year medical student, Scott Polk, in Dec. 2002.

What it's all about

Redbirds NIGHT

On April 23, 2002, the SGAEC sponsored "Redbirds Night." UTHSC students made a trip to AutoZone Park to see the Memphis Redbirds in action. Besides, the game itself, there was food, balloon hats, soft drinks and socializing.

STUDENT APPRECIATION DAY

Student Appreciation Day is one event eagerly anticipated by all UTHSC students. Set in April, it marks the return of nice weather. And, after being cooped up all winter, it offers an excuse to get outside and socialize. With graduation a mere two months away, it is a signpost of another completed school year. Primarily, Student Appreciation Day, serves to remind students that they are appreciated by the University.

The 2002, Student Appreciation Day was held on Friday, April 5, in the "pit" between the SAC and the Recreation Center. As the Dempsey's Inc. played Memphis rock-n-roll, Corky's Bar-B-Q was served. Other activities included stress management massages by Jade Powell, LMT; Henna Eastern Body art by Annapoorna Ayyagari; and balloon art.

It was about 25°, Thursday, December 5, 2002 when the SGAEC set up shop in the GEB lobby for the annual...

Some 2 1/2 hours later, the temperature outside had barely risen, while inside there was nothing left of the donuts, fruits, pastries, coffee and hot chocolate but some crumpled cream and sugar packages, perhaps, a stray donut, and some tired SGAEC volunteer coffee makers.

On Friday, November 15, 2002, a group of UTHSC students met at the Flying Saucer in Peabody Place to unwind after a strenuous week of classes.

The SGAEC sponsors several 5:00 o'clock Fridays each year. One purpose is for students from the various colleges to meet and get to know each other.

IMHOTEP SOCIETY

In 1980, the Imhotep Society became an officially recognized organization on campus, for the purpose of honoring students, faculty, staff, and alumni who have significantly contributed to student life and student process at UTHSC. It was recognized that many student leaders, in performing their functions and assignments, may have sacrificed high academic accomplishments and thus did not receive recognition through those organizations which traditionally honor students for high academic achievement. While the principle objective of the Imhotep Society is to reward and recognize student leadership and service on campus, a secondary goal is to inspire students to continue leadership and service roles as alumni of the University.

Then Chancellor Bill Rice was presented the Imhotep Award by Chad Price, SGAEC President 2001-2002 at the 2002 Banquet.

The 2002 Imhotep Society inductees are:

Student National Dental Association

The Student National Dental Association (SNDA) was incorporated in 1972, over 50 years after its parent group, the National Dental Association. It was created to encourage minority dental students in the pursuit of a dental career. The SNDA addresses the needs and concerns of minority dental students. The organization serves as a support group for minority students and works to provide a national communications network among students as a means of improving the health-employment distribution among minority and ethnic groups. SNDA works closely with the National Dental Association and strives to educate and involve members in the social, moral, and ethical obligations of the dental profession. The University of Tennessee actively pursues the organization's goals and is heavily involved in the recruitment of minority students. Social activities for members and service to the school and dental community are among the many areas addressed by the local SNDA chapter.

PSI OMEGA

MEET THE PSI-O'S

Psi Omega Fraternity was founded in 1892. The objectives of the fraternity are to maintain and advance the high standards of dentistry by instilling in its members the spirit of fraternal cooperation. For Psi O members here at UTMHSC, the fraternity provides a means of relaxation with friends and classmates who have similar interests and is a stimulating source of diversion without interfering with academic standing.

The practice of medicine will be very much as you make it — to one a worry, a care, a perpetual annoyance; to another, a daily job and a life of as much happiness and usefulness as can fall to the lot of man, because it is a life of self-sacrifice and of countless opportunities to comfort and help the weak-hearted, and to raise up those that fall.

HONOR MEDICAL SOCIETY

Beta Chapter

THE UNIVERSITY OF TENNESSEE

Alpha Omega Alpha is the only national honor society in the world. Its reason for being can be expressed in a phrase: to recognize and perpetuate excellence in the medical profession. As stated in the society's constitution: "Alpha Omega Alpha is organized for educational purposes exclusively and not for profit, and its aims shall be the promotion of scholarship and research in medical schools, the encouragement of a high standard of character and conduct among medical students and graduates, and the recognition of high attainment in medical science, practice, and related fields." ΑΩΑ elects outstanding medical students, graduates, alumni, faculty, and honorary members to its ranks. The society's key is designed after the Manubrium Sterni. The letters ΑΩΑ, engraved on the key, represent not only the name of the honor society, but the essential words in its motto:

Αξιπς ὠφελειν τοις ὑλγοῦντας

"To be worthy to serve the suffering"

Despite his terrible case of the mumps, Nikki gets close with Joe.

The stress of blocks had finally gotten to Chris ...

... and Sonu.

Chuck, Lea, and Todd smile for the camera.

Ace and Gary pause to give Shane an ambiguous hug. Hmmm?

Svetang asks Mike, "You got a license for that taco?"

"Better teach this kid some control before he kills somebody."

Kaveh and Joey are seeing double.

Rodney's foot fetish had gotten out of hand.

No one was surprised when Binh went into renal failure one week later.

Hagan for Heisman!

"Again . . . paging Dr. Freud."

"So ladies, with pipes like these, how much 'ya think I bench?"

Laura and Natalie love to TOGA!

Giddy about the end of exams, K.T. orders Girl Scout Cookie shooters for everybody.

Todd, Jeff, Lauren, Ethan, and Ben take a break to look at the camera.

Reagan gives this party a thumbs up.

John didn't exactly get what he expected from his appearance on Elimidate.

Men in Back III's budget was slightly lower than the first two.

Monte, Lauren, Stephanie, and Natasha enjoy the Costa Rican rain forests.

Joey's got skillz . . . Mad, crazy skillz!

The Student National Pharmaceutical Association (SNPhA) was founded in 1972 as the student affiliate of the National Pharmaceutical Association (NPhA). The first meeting was held on the campus of Florida A & M University, Tallahassee, FL. SNPhA is an education and service association of pharmacy students and high school affiliate members, concerned about pharmacy, and health care issues; and the need for the greater minority representation in pharmacy and other health professions. The purpose of SNPhA is to plan, organize, coordinate and execute programs geared toward the improvement of the health, social, and educational environment of the community; while providing opportunities for professional development. The objective of SNPhA is to develop the role of minority health professionals as vital members of the health care team, to educate minority communities about better health care practices, and offer student members the opportunity to develop leadership skills. The members of The University of Tennessee Student National Pharmaceutical Association (SNPhA) are very active both on campus and in the community. Some civic activities include monthly blood pressure screenings, bone marrow drives, health fairs, and donating school supplies to local elementary schools.
